May 2018

Dear Student

**Year 11 and Sixth Form Summer Half-term School 2018**

Most of you have two very busy weeks of exams prior to half-term and a further three afterwards.

It is important that you give yourself some time to relax over the bank holiday weekend, but it is equally important that you use your time constructively over half-term to ensure that you are prepared in the best way possible for the remaining examinations. Past experience indicates that working in the Academy with your teachers to guide you will result in far more progress than trying to work alone, particularly as you will have missed a number of lessons over the previous weeks. We are delighted that a number of your teachers have offered their time during half-term to help you.

Details of the sessions available can be found on the page opposite.

Please talk to your teachers to seek their advice regarding what you should attend. Please then complete the booking form on the back of this booklet and return to your year office by Friday 11 May.

You are not required to wear uniform for the Stanground Academy sessions and you may wish to bring light refreshments with you.

Please sign in at reception as you arrive and then sign out as you leave as it is essential that we know who is on site. You are expected to be in the structured sessions provided; we are not able to facilitate students wishing to come into the Academy to socialise with their peers in unsupervised spaces.

Should anything be unclear, please do ask.

Best wishes

**Mrs Gooding**  
**Deputy Principal**

Please complete to show the sessions you will be attending and return to your year office by
