

16 March 2026

Dear parents and carers

The 25th of March marks our first Head Student's Day, our current Head Students, Faith and Andrew, have organised a fundraising event. This day will be spent fundraising for four charities:

- NSPCC (Year 8)
- Macmillan Cancer (Year 7)
- Children with Cancer UK (Andrew – Head Student)
- The Motor Neurone Disease Association (Faith – Head Student)

The fair will include many stalls, including a bake sale, sports competitions and crafts, to raise as much as possible for each charity. The timetable for the day will be as follows:

Period 2 – Year 8 will be registered in their usual classes, then taken down to the sports hall and the field by their respective staff members

Period 3 – Year 7 will be registered in their respective classes, then taken down to the sports hall and the field by their respective staff members

Period 4 – Year 9 will be registered in their respective classes, then taken down to the sports hall and the field by their respective staff members

Lunchtime – Year 11 students will be given the opportunity to attend the event if they wish to do so, as part of an active effort to ensure they do not miss any vital lesson time

Period 5 – Year 10 will be registered in their respective classes, then taken down to the sports hall and the field by their respective staff members

If your child has P.E during their designated session, we ask that they register with their teacher at their typical changing room before being taken through to the event. We also recognise that Post-16 students are unable to be out of lessons currently, so we invite them to attend in their study periods or at lunchtime.

In terms of fundraising, each stall will be accepting tokens to join in with the activity, with one token allowing your child to take part in one stall. These tokens are available for purchase on Vericool and will be delivered to your child during tutor time on the morning of the **25th March**.

The Stanground Academy is part of the Greenwood Academies Trust

Tokens will also be available for purchase on the day from our designated token booth, which will accept both cash and card. However, we are aware that some students may be unable to purchase said tokens. Therefore, our Sports Leaders will be running free activities, meaning your child can still get involved with the day.

Thank you for your support

Yours sincerely

Faith Webb
Head Student
