Dear Parents/Carers

Subject: Support Needed for Student Work Experience Placements

As part of our commitment to preparing students for the world of work, all our Year 10 students will be taking part in a work experience programme from **22-26 June** this year. We are delighted that 200 of our students have already successfully secured placements. Thank you to everyone who has supported this so far.

However, we still have around 70 students who are yet to find a placement, and we are writing to ask for your help. If you, a family member, or a friend can offer a work experience placement or can connect us with a local business or organisation that might be willing to support this would make a significant difference.

Placements can be in any sector and provide students with valuable insight into the workplace. We will, of course, support employers through the process and ensure all necessary checks and paperwork are completed.

If you are able to help or would like more information, please contact us at workexperience@stangroundacademy.org as soon as possible.

Thank you in advance for your continued support in helping us provide meaningful opportunities for all our students.

Kind regards

Mrs Charles
Director of Aspirations
