Dear Parent/ Carer

The fiction books in the library are categorised into general fiction, senior fiction and adult fiction. The books in the senior fiction range are labelled 13+ and 14+, as the themes and language that are included in these books are not suitable for younger readers. Whilst this system works for most students, it is not always the case for the more confident and voracious readers. Those students who are frequent readers, naturally have an interest in those books that are aimed at older students, but they are not able to read them due to the restrictions in place. If you are happy for your child to read books that are in the restricted senior fiction section, then please complete the Microsoft form in the following link:

Yours faithfully
