Year 9 Computing - Mr Wilson

This week's lesson aims to keep you in creating games mindset. Over the next week access the website on the link provided: https://puzzel.org/en/

TRY: exploring the puzzel.org website to see what type of puzzle you could create

CREATE: a simple puzzle of your own from the website such as a crytogram, memory game, or sliding puzzle.

SHARE: test the wits of your family members, send to friends to see if they can it and share with your teachers to see if they can solve your puzzle.
